SSC (Secondary School Certificate)

k & m p sarvajanik school

2019 – 2020 | Surat, india

About me

I am a Front End Developer with a passion for creating beautiful and responsive websites. I have strong skills in HTML, CSS, and Bootstrap, and I enjoy working with frameworks like React js.

I love turning design ideas into functional and visually appealing web experiences. I believe in writing clean, maintainable code and working closely with teams to deliver great products.

In my free time, I enjoy learning about new web technologies and contributing to open-source projects.

Projects

Martex Website

As an independent contractor at Martex, I specialize in crafting fully responsive websites tailored to client needs. Through a combination of HTML, CSS, Bootstrap, and Media Query I create dynamic web solutions that meet and exceed expectations.

Add to Cart

When a customer clicks on the 'Add to Cart' button for a product, the item is added to their food cart. (like updating quantities or removing items), HTML for structure, CSS for styling, JavaScript for functionality.

Languages

Language

- Hindi
- Gujrati

Objective

Secure a responsible career opportunity to fully utilize my training and skills while significantly contributing to the company's success.
